

Catalyst of San Diego & Imperial Counties Safety Protocols

Our mission is to connect and activate funders to learn, lead and invest in our community. With the safety of our community in mind, we utilize the following practices for in-person events:

VACCINATIONS

- All participants are strongly encouraged to be fully vaccinated against COVID-19 and all its variants, including any boosters recommended by the Food and Drug Administration (FDA) and Centers for Disease Control and Prevention (CDC).

FACE COVERINGS

- Mask use is optional, but strongly recommended for all participants in transit with others (e.g. busses/vans).
- Mask wearing is optional during indoor events, unless a venue or vendor we are utilizing has a different mask-wearing policy. In that instance, we would follow their requirements.
- Masks will be available for any participant that needs or wants one.
- Participants are invited to conform to their own comfort level when it comes to wearing a mask. Choosing to wear a mask will not be taken as an indication of vaccination/booster status.

SELF-SCREENING

- Please self-monitor for COVID-19 symptoms and stay home if you are not feeling well or if you test positive.
 - If you test positive for COVID-19 in the week following an event or meeting with us, please notify Kamaal Martin (kamaal@catalystsd.org; 858-247-2022) and we will inform your fellow group members while protecting your privacy.
